Prudential London-Surrey 100 on the 29th.

We've also been running some **Evening Rides** to make the best use of the current weather and light with drink along the way!

Please remember the Clubs new **Silverstone Challenge Cup** that currently see's Stewart Bachelor leading the way.

Ride Leaders: To keep the ride calendar ticking over and make sure we can provide the range of rides you all our members.

In particularly for the Leisure Rides, it's been a bit of a struggle as of late, so anyone?

There isn't any particular experience or length of service with the club required to be a ride leader. The main tasks are plotting a route with an appropriate stop. Even if you can only commit to do doing this on an infrequent basis or you just fancy to try it just once, please let us know!
